

****MEDIA ALERT****

Raising of the Walls with Chemours at La Porte Habitat Home by Bay Area Habitat for Humanity

What:

Bay Area Habitat for Humanity Houston is excited to be working with our La Porte crew and employees from Chemours to raise the walls of one of our Habitat homes in La Porte, Texas. This home is being built from the ground-up, and one of the most exciting steps in that process is when the walls are raised. We are grateful that so many volunteers want to participate in serving their community, and are excited to complete another step in this home-building process!

When:

Saturday, July 16, 2022 beginning at 8:00 am CST

Where:

505 North 4th Street, La Porte, TX 77571

About Chemours

Chemours is a chemistry company driven by their purpose to create a better world through the power of chemistry. They provide solutions for industries ranging from automotive, paints, and laminates to advanced electronics, construction, energy, and telecommunications, helping to make a world that is more colorful, capable, and cleaner. With 35 manufacturing and laboratory sites worldwide, Chemours serves customers in approximately 120 countries.

About Bay Area Habitat for Humanity Houston

Bay Area Habitat for Humanity Houston was founded in 1991. In those three decades, we have built over 170 new homes, and we have repaired or renovated hundreds of others, giving members of our community a better place to live.

Bay Area Habitat strives to eliminate substandard housing and to make poverty housing a matter of conscience and action. It is with the support of our sponsors and volunteers that we can provide safe, stable, and affordable homeownership opportunities in Galveston, Northern Brazoria, and Southeast Harris counties.
